FlockOS Plus	FlockOS Plus enhances real-time policing by providing tools for patrol, dispatch, and community collaboration without complex setups. It includes all features of FlockOS Starter while enabling seamless integration with existing platforms for improved operations and regional coordination.
Video Camera Professional Services - Standard Implementation Fee	One-time Professional Services engagement. Includes site and safety assessment, camera setup and testing, and shipping and handling in accordance with the Flock Safety Standard Implementation Service Brief.
Professional Services - Video Integration Gateway Implementation Fee	
Flock Safety LPR Flex, fka Falcon Flex	Law enforcement grade tactical deployment (portable + LTE) license plate recognition camera with Vehicle Fingerprint™ technology (proprietary machine learning software) and real-time alerts for unlimited users.

FlockOS Features & Description

FlockOS Features	Description
Community Network Access	The ability to request direct access to feeds from privately owned Flock Safety LPR cameras located in neighborhoods, schools, and businesses in your community, significantly increasing actionable evidence that clears cases.
Unlimited Users	Unlimited users for FlockOS
State Network (License Plate Lookup Only)	Allows agencies to look up license plates on all cameras opted into the Flock Safety network within your state.
Nationwide Network (License Plate Lookup Only)	With the vast Flock Safety sharing network, law enforcement agencies no longer have to rely on just their devices alone. Agencies can leverage a nationwide system boasting 10 billion additional plate reads per month to amplify the potential to collect vital evidence in otherwise dead-end investigations.
Law Enforcement Network Access	The ability to request direct access to evidence detection devices from Law Enforcement agencies outside of your jurisdiction.
Time & Location Based Search	Search full, partial, and temporary plates by time at particular device locations
License Plate Lookup	Look up specific license plate location history captured on Flock devices
Vehicle Fingerprint Search	Search footage using Vehicle Fingerprint™ technology. Access vehicle type, make, color, license plate state, missing / covered plates, and other unique features like bumper stickers, decals, and roof racks.
Insights & Analytics	Reporting tool to help administrators manage their LPR program with device performance data, user and network audits, plate read reports, hot list alert reports, event logs, and outcome reports.
Real-Time NCIC Alerts on Flock ALPR Cameras	Receive automated alerts when vehicles entered into established databases for missing and wanted persons are detected, including the FBI’s National Crime Information Center (NCIC) and National Center for Missing & Exploited Children (NCMEC) databases.
Unlimited Custom Hot Lists	Ability to add a suspect’s license plate to a custom list and get alerted when it passes by a Flock camera

Insights & Analytics	Reporting tool to help administrators manage their LPR program with device performance data, user and network audits, plate read reports, hot list alert reports, event logs, and outcome reports.
Real-Time NCIC Alerts on Flock ALPR Cameras	Receive automated alerts when vehicles entered into established databases for missing and wanted persons are detected, including the FBI's National Crime Information Center (NCIC) and National Center for Missing & Exploited Children (NCMEC) databases.
Unlimited Custom Hot Lists	Ability to add a suspect's license plate to a custom list and get alerted when it passes by a Flock camera
ESRI Based Map Interface	Map-based interface that consolidates all data streams and the locations of each connected asset, enabling greater situational awareness and a common operating picture.
Real-Time Alerting on Flock Hardware	Receive LPR, video, and audio alerts on a single interface, providing real-time event details, locations, and nearby cameras.
Real-Time Traffic Layer	Overlay live traffic data onto your agency's operational map, integrating it with CAD calls, body camera locations, and police vehicle positions.
Camera Direction Indicator Tool	The Camera Direction Indicator in FlockOS visually displays the viewing angles of live video and/or LPR cameras on the Flock Map.
Map Attachments	Easily managed through the Flock Admin portal, Map Attachments enables agencies to store and access key operational data for dispatchers, patrol officers, and command staff.
Custom Map Layers	Powered by ESRI, the FlockOS Map supports 3D visualizations, floor plans, GIS data layering, and allows users to upload custom map layers for a tailored mapping experience
Real-Time Routing	Promote safety by anticipating a defined area where a vehicle could be located that alerts on an LPR camera through advanced analytics.
Recent LPR Images	View recent snapshots from nearby LPRs in a map-based modal to help operators visually scan for vehicles matching a description and identify plates in real time.
Flock Aerodome Drone Location & Live Viewing	FlockOS integrates Aerodrome drones to stream live video and GPS data directly into the platform, providing real-time aerial visibility for law enforcement operations.
Receive External CAD	View supported CAD calls for service shared by neighboring agencies, providing real-time visibility into active incidents to improve cross-jurisdictional coordination.
Automatic Vehicle Location (AVL) Connection Inside Agency	Displays real-time patrol officer locations from your agency in a unified map view by integrating Automatic Vehicle Location (AVL) data through supported product integration; with an API being provided for other vendors if specific integration is not available.
Body Worn Camera Live Location	Displays real-time patrol officer locations in a unified map view by integrating Body-Worn Camera Location (BWC) data through supported product integrations; with an API being provided for other vendors if specific integration is not available.
Map Based Viewing of 3rd Party Video Inside Agency	Consolidate integrated third-party cameras onto a single operational view, making it easy to locate, activate, and monitor live video feeds in real time.
Access to Live Video Outside of Agency Jurisdiction	Agencies can view live and recorded footage from neighboring agencies' cameras- whether from schools, traffic cameras, or third-party video feeds in a centralized system for cross-jurisdictional collaboration.
FirstTwo Connection	Law enforcement agencies with an existing FirstTwo account can integrate it with FlockOS to access real-time open source intelligence data, including information about residents at specific locations, details about people e.g. phone number, names, ages, to enhance situational awareness and response coordination.
Video Integration with Cloud, Gateway, VMS	Agencies can access and manage video feeds from connected public and private camera systems in one secure platform via Flock's Video Integration products.
Public/Private Partnership MOU Creation	Flock Safety facilitates the legal agreements needed for public-private video sharing, ensuring compliance and reducing administrative workload for law enforcement agencies
Camera Registry Program	Access a customizable, fully-hosted camera registry website to quickly identify nearby video sources during incidents. Strengthen community ties by incorporating fixed camera feeds from local schools, businesses, and neighborhoods. The interactive map lets you spot relevant cameras so you can easily contact camera owners to assist in investigations.
Custom Community Partnership Website	The Community Partnership Website is a customized, professionally designed platform that helps businesses and residents register their cameras, access public safety resources, and actively support local

	law enforcement efforts.
Community Rollover Program	The Flock Safety Community Rollover Program allows law enforcement agencies to establish public-private camera partnerships with flexibility. Any unused community camera connections can be converted into Flock Safety equipment, such as LPR cameras, live video cameras, or audio detection devices, ensuring all investments contribute to public safety.
Dedicated Customer Success Manager	A dedicated Customer Success Manager serves as your agency’s primary contact, providing expert assistance to streamline deployment, maximize efficiency, and ensure long-term success with FlockOS.
Unlimited Users	Unlimited users for FlockOS
Utilization of Flock Safety Mobile App	Increase case clearance on-the-go with real-time alerts and searchable LPR data for mobile devices via the Flock Safety Mobile App, available on Android and iOS devices.
Live Location Sharing from Flock Safety Mobile App	Live Location Sharing in the Flock Safety Mobile App allows officers to share their real-time location with dispatch and command staff through FlockOS Map, enhancing coordination and safety.

By executing this Order Form, Customer represents and warrants that it has read and agrees all of the terms and conditions contained in the Terms of Service located at <https://www.flocksafety.com/terms-and-conditions>

The Parties have executed this Agreement as of the dates set forth below.
