Today, the event brings together supporters from across the state, including leaders, members, advocates, business partners, and friends of the ACLU of Maine to celebrate, connect, and build community.

Become a sponsor of the 2026 Justice Louis Scolnik Award and stand alongside hundreds of Mainers committed to protecting the rights and freedoms of all. We'd be honored to recognize your partnership.

Celebrating Artist Ryan Adams

We're thrilled to announce Maine-based artist Ryan Adams as this year's award recipient! In trying times, free expression is a critical tool to speak out, push back, find joy, experiment with new ideas, and build community. Ryan carries forward Justice Scolnik's legacy with his large-form murals and other art. Through his art, Ryan lifts up underserved communities, amplifies quiet voices, and shines light on forgotten issues.

About the Award

This signature event honors the legacy of Louis Scolnik, a justice on the Maine Supreme Judicial Court, and the co-founder and first president of the ACLU of Maine. Justice Scolnik dedicated his life to the pursuit of fairness and equality under the law, and this event continues his vision by celebrating those who carry that work forward today.
